REACHING OUT TO SIMPSONVILLE

We have been reaching out to the community in Simpsonville! We recently participated in the Simpsonville

Chamber of Commerce Senior Health and Wellness Fair! We really enjoyed getting to meet the wonderful residents of Simpsonville. As an office, it was a rewarding experience to educate and help others understand how a prosthodontist can help. As you may know, a prosthodontist is a dentist who specializes in esthetic restorations and replacement of teeth. Dr. Minton invested three years of additional training after dental school to study how to restore the optimum appearance and function to your smile. With our booth we were able to distribute educational pamphlets on oral health and distribute toothbrushes and toothpaste among other items. We raffled off T-Shirts and an Oral B Pro 5000 toothbrush, the winners were announced on November 16th! We want to say thank you to everyone who stopped by our booth and took the time to talk with us. We enjoyed getting to talk to each and every one of you. Feel free to reach out to us or stop by our office with any questions you may have. (864) 509-6259. Also, we want to extend a huge THANK YOU to the Simpsonville Chamber of Commerce for hosting this wonderful event that was so much fun!

Dr. Minton and Alex!

MISSING TOOTH STATISTICS

Smiles don't just affect appearance—they also affect health. That is why it is important to find the right solution for missing teeth.

Consequences of missing teeth include significant nutritional changes, obesity, diabetes, coronary artery disease and some forms of cancer.

178 million Americans are missing at least one tooth

15 million people have bridges and crowns

26% of people over 74 are missing all their teeth

30 million Americans are missing all their teeth in one or both jaws.

“ We have the specialized knowledge, incorporated with personalized care - Dr. Jason Minton. ”

STAFF News

Whitley had a wonderful 2015! She got married, bought a new car, and got to meet a lot of great people at the dental offices we have been visiting!

Alex's 2015 was the best yet! Her daughter started a new school, and Alex has been enjoying the renovated downtown Simpsonville!

Dr. Jason Minton had a wonderful year. He supported his wife during her Boston Marathon run and has been participating in continuing education courses. He has enjoyed helping patients in his new office.

Our year in review!

We delivered 1,136 donuts to local businesses this year! ★

Our closest patient drove less than a mile to see us while another drove from Blacksburg! We love seeing patients from all over the state!

Dr. Minton has started volunteering at the Greenville Free Medical Clinic to help further his desire to help less fortunate residents of Greenville, SC with quality dental care.

We have been happily located in our new office in Five Forks for nine months! Yahoo!

Testimonials

“ Dr. Minton and his staff were a pleasure to work with. Very professional and superb care. Would highly recommend him and his team. ”
- Mike U.

“ Palmetto Prosthodontics is not just any dental practice, it is one of the best in the upstate! I have dealt with multiple oral complications and multiple dentists, oral surgeons, etc. It has been a very difficult and discouraging process UNTIL I was referred to Dr. Minton and his team. The entire staff at Palmetto Prosthodontics is courteous and kindhearted, supportive, professional and extremely knowledgeable. They truly make you feel like family ☺ ”
- Christy S.

“ Nothing but great things to say about Dr. Minton, he's the BEST!!! ☺ ”
-Beth T.

WHY IS PROSTHODONTICS IMPORTANT?

You may wonder, why is a Prosthodontist important? We want you to know we are here for you and how we can help. Here are a few details about Dr. Minton and his specialty – Prosthodontics. 1. Education & Expertise - Dr. Minton has an extra 3 years of education for his specialty under his belt and some extra tools in his toolkit! 2. Experience - A Prosthodontist has dealt with similar cases before and they are familiar with what works and what does not. 3. Team Approach- Reconstructing your smile is often a team approach involving two or more dental professionals. Generally, the prosthodontist will serve as your team coordinator, working with other specialists to make sure you receive the best care possible. 4. Love- A smile makeover can be a long, arduous process, but with Dr. Minton on your side and his knowledge, we can get you where you want to be. Dr. Minton loves what he does and can help you love your smile!
